## Chamber Plans For New Member Drive

The executive board of the Pahokee Chamber of Commerce at a meeting Monday night accepted a budget of \$4,690.36 for the new year which is \$690.36 above last year's budget. Items such as \$321.56 for fireworks for Pahokee's annual July 4th celebration program and new roadside signs accounted for the increase in the budget.

Plans were mapped for the annual membership drive to start within the next week or 10 days. Statements of membership dues for the new year will be mailed to all members and those who do not answer the letters will be contacted by the drive workers.

Leonard Dobrow and Edmer Jones were named on a special committee to assist the Pahokee Wildlife Club in securing land to be used as a site for a clubhouse.

It was announced that 28 local anglers have registered to date in the CO-sponsored fishing contest; also that Frank Tillis, local insurance man, was winner of the first weekly prize awarded for the largest black bass caught each week while the contest is in progress.

The office secretary was instructed to write the State Road Department requesting that certain road signs in which the city's name has

It was reported the troop discovered an ideal camping site last weekend at the River Bluff Fish Camp which was recently opened by M. E. Davis at Harding Bridge on the Kissimmee River. The troop left their camp site in such tight condition that Mr. Davis invited them to return whenever they wished.

Adults present at the meeting were Scoutmaster Louis Mims, Glades District Commissioner George King, Neighborhood Commissioner Ed Carver, Committee Chairman Manning I. Keen and Committeemen Robert McIntosh and Dow Fitzgerald.

Manning I. Keen, chairman of the Pahokee Boy Scout Troop Committee, represented Troop 28 in submitting the bid for the bus which, after it is remodeled and put in good condition, will be used by the scouts of all Pahokee troops for their camping trips. The Belle Glade Junior Chamber of Commerce, in a resolution to the county commission this week, urged legislative action for adoption of county zoning laws.

The resolution, commended the commission for its work in county zoning research and for what the Jaycees described as recognizing a need for eliminating the insecurity of investment in unimproved property. The organization urged the Palm Beach County delegation to work for legislation that would allow county areas to be zoned.

The board received the resolution and at the suggestion of Commissioner Paul Rardin, voted to write the Jaycees, reviewing the work which the county has already done to promote a county zoning law.

George Gant arrived in Pahokee Thursday where he is spending the Easter Holidays visiting his mother, Mrs. Albert Gant, and other relatives and friends. He plans to be in Pahokee for ten days.

## Board To Pick Site Sub-Court House

The County Commission this week set April 18 as the final date for considering possible sites for an administrative building in the Everglades and gave tentative approval for construction of the new building at the Pahokee Airport.

Appearing before the commission this week were Mayor Lewis Friend, Councilmen Robert Shmonson and F. S. Parrish of Pahokee, urging the county board to approve the airport as a site for the new building which will serve as a Glades annex to the county courthouse.

Mayor Friend told the commission that the Glades communities had been unable to agree on a common site for the new building and pointed out most municipalities favor the airport site.

Commissioner Paul Rardin, Canal Point, presented resolutions from the Pahokee council and Lions Club urging the commission to approve the airport site which the county already owns. Last week the commission received a similar resolution from the City of South Bay.

The Pahokee delegation said the Belle Glade council was not in favor of the airport site but that many residents in Belle Glade favor the proposed location.

Commissioner Lake Lytal said several months have elapsed since

### Cinematic Chatter By Malcolm Miller

Hello everybody! There are motion picture stars in Hollywood who literally were born in a theatrical trunk; their families being so closely associated with the entertainment world. But that is not the case of Glenn Ford. Born in Quebec, Canada, of a family whose history reaches back to the earliest days of American and Canadian political life, Glenn Ford, even at the age of four, showed a leaning for dramatics. He converted the family barn into a theatre and with the help of neighbors' children, he produced and starred in his own version of "The Wedding of Tom Thumb." Ford recalls that although the production may not have achieved critical acclaim, it did please the family. After moving to Santa Monica, California, Ford was active in high school affairs, participating as class officers, student head of entertainment and playing varsity football and lacrosse. Graduating in 1934, Glenn resolved to go off the stage. Despite lack of professional experience his reading for Herman Schumlin won him his role in the West coast production of "Children's Hour." When the tour of this play came to an end, Ford joined a little theatre group called "The Players" and while he was with this group he was seen by a Hollywood scout. A screen test and contract followed quickly and Glenn Ford's movie career was launched. During the war Ford served with the United States Marine Corps and it was during his hitch with the leathernecks that

he met and married the famous movie dancer Eleanor Powell. Their marriage has been blessed with a son, Peter Newton Ford, and the Glenn Fords have been called a shining example of a happy Hollywood marriage. See you at the movies—Mal.

## No other low-priced car even comes close to matching these important Chevrolet advantages . . .

If you're planning to buy a new car, the one you just can't afford to miss seeing is Chevrolet—for 19 straight years America's best-selling car. The Meteoric Chevrolet offers you so much more than the other low-priced cars that it's hardly fair to compare them. And even the high-priced cars don't have all the advantages that today's Chevrolet offers you.

The beauty's built in—not bolted on! Chevrolet's beauty is inherent in the basic contours of metal and glass. There's no excessive bolted-on ornamentation to go out of style overnight.

### The Body's by Fisher!

You see Body by Fisher on lots of the high-priced cars—and only Chevrolet has it in the low-price field!

### Today's most modern engines!

That goes for Chevrolet's new V8 and two new sixes as well. All bring you a modern 12-volt electrical system—double the voltage of other low-priced cars. Then Chevrolet's new "Turbo-Fire V8" has the shortest piston stroke in the industry!

### A drive to suit your driving!

There's silky, peppery Powerglide (even

better this year!), new Overdrive (both extra-cost options), and a new Synchro-Mesh transmission that's as smooth as they come.

### All the power helpers you want!

Windows, seat, steering, brakes—all are available with built-in "muscles" to make driving as effortless as you wish. They're optional at extra-cost—and worth it!

### Come take the key!

There have never been so many good reasons why you should drive a Chevrolet!

Over Ten Million Chevrolet owners—Two Million more than any other car!

*Uncle Sam made the bonds you own  
an even better bargain!*

# Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid  
your interest as current income—  
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

Benjamin Franklin, whose birthday is January 17, was expert in handling money and his advice is as found today as 200 years ago. All quotations here are from his booklet, "The Way To Wealth," published 1760.

## Ben Franklin gives you some expert advice about Payroll Savings

"What though you have found no Treasure, nor has any rich Relation left you a legacy, Diligence is the Mother of Good Luck."

Have you ever wished you had \$1,000, \$5,000 or more—to buy a car, get a home, help you toward retirement? Today, it is actually easy to save such large sums! Because, today, you can have your saving done for you—with automatic diligence—through the Payroll Savings Plan.

"If you would have a faithful Servant, and one that you like, serve yourself."

Serving yourself means *keeping* some of the money you make each week and investing it, for yourself. Here's how: you just name a sum to your company's pay office—a few dollars or as much as you want. Each payday, that sum will be saved from your pay, before you get your check and invested for you in one of the world's finest investments, U. S. Series E Savings Bonds!

"Little Strokes fell great Oaks."

Because Savings Bonds earn good interest, they're soon worth more than the money you've invested in them. And how your savings mount up! Sign for as little as \$5.00 a week and in 9 years, 8 months, you'll have \$2,850 *cash*. In 19 years, 8 months, you'll have \$6,872!

"One To-day is worth two To-morrows, and farther, Have you somewhat to do To-morrow, do it To-day."

For your own sake, don't put off joining the 8 million Americans who are making their dreams come true through Payroll Savings. Sign up for Payroll Savings today. Or, if you're self-employed, invest in Savings Bonds regularly where you bank. If you want your interest as current income, ask your banker about 3% Series H Bonds which pay interest semiannually by Treasury check.

God's healing and redemptive power will be emphasized in the Lesson-Sermon entitled "Are Sin, Disease, and Death Real?" at Christian Science services this Sunday.

Scriptural selections will include the following from Psalms (103: 2-4): "Bless the Lord, A my soul, and forget not all his benefits: Who forgiveth all thine iniquities; who healeth all thine diseases; Who redeemeth thy life from destruction; who crowneth thee with lovingkindness and tender mercies."

The present availability of God's goodness and power will be brought out in readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, including the following (47: 24-30 All): "All reality is in God and His creation, harmonious and eternal. That which He creates is good, and He makes all that is made. Therefore the only reality of sin, sickness, or death is the awful fact that unrealities seem real to human erring belief, until God strips off their disguise. They are not true, because they are not of God."

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving *automatically*—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Series E Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity

# A TRIBUTE - - - To Those Who Are Getting The Message Through

In cities and towns over the South today, thousands of men and women are maintaining a great tradition.

They are telephone employees who are on the job, and because of them, the messages are going through.

In our Company we call it the spirit of service. This spirit never burned so brightly as it does today—in the hearts of the men and women at the switchboards completing the calls and at other vital posts of duty keeping the lines open — making sure that their community has dependable telephone service 24 hours a day.

We salute them—for their sense of duty, their skill and their magnificent spirit.

We are deeply grateful for the patience, understanding and friendly cooperation of telephone users everywhere.
